

1.0 - GENERAL INFORMATION

1.1 - PRODUCT DESIGNATION

BS	56A	4	230-50	SC	IP55	CLF	B5	...
								OPTIONS D1 - thermal protection PS - extended shaft at NDE RC - rain canopy AE - balanced winding
								TYPE OF CONSTRUCTION B5 , B14, B5R, B14R
								INSULATION CLASS CLF , CLH
								DEGREE OF PROTECTION IP55 , IP56
								CAPACITOR SC - run capacitor DC - starting + run capacitor
								VOLTAGE-FREQUENCY 230-50 230-60 115-60
								NUMBER OF POLES 4
								FRAME SIZE 56A, 63A, 71A, 80A, 90S 56B, 63B, 71B, 80B, 90L
								SERIES BS

REMARK:

Values marked in **bold** represent the factory standard setting. If not otherwise specified at the time of order, for each variant the configuration marked in bold will be assumed.
